Dear Mr Ogston

Thank you very much for the kind donation of £2,100.00 which you made to the Children's Heart Surgery Fund.

It was lovely to meet you all just before Christmas and have an insight as to how the money was raised.

We really appreciate the hard work and dedication which must have gone into raising this fantastic amount of money, particularly in light of the current financial climate.

Children's Heart Surgery Fund's mission is to provide the finest environment for care and family support. To invest in revolutionary technology and work that enhances the best possible chance of survival, in a way that maximises support to families of children who have been born with a Congenital Heart Defect.

We are most grateful for your valued and much needed support, our aim remains 'Each child a childhood' and your kind donation will be used towards this goal.

Yours sincerely

Sharon Cheng
Charity Director
